Wilmington Trust Company, as Trust Administrator and Trustee of the  
Motors Liquidation GUC Trust  
Rodney Square North  
1100 North Market Street  
Wilmington, Delaware 19890  
Attention: David Vanaskey

Re: In re Motors Liquidation Company, Case No. 09-50026 (MG)

Dear David,

As you are aware, Akin Gump Strauss Hauer & Feld LLP ("Akin Gump") is counsel to certain unaffiliated holders (the "Participating Unitholders") currently holding approximately 71% of the beneficial units (the "GUC Trust Units") of the Motors Liquidation Company GUC Trust (the "GUC Trust"). Akin Gump was initially retained by certain of the Participating Unitholders in 2014 following the disclosure by New GM of the existence of defective ignition switches in vehicles manufactured by Old GM and New GM and subsequent recall of more than 30 million vehicles (the "New GM Recalls").<sup>1</sup> Since the first quarter of 2017, the Participating Unitholders have held, in the aggregate, in excess of 60% of the outstanding GUC Trust Units. Since the inception of this representation in April 2014 through the first quarter of 2017, the members of the Participating Unitholders have held, in the aggregate, an average of 45% of the outstanding GUC Trust Units. Pursuant to the terms of Akin Gump's retention, each Participating Unitholder agreed to pay its pro rata share, based on the number of GUC Trust Units held by such holder as a percentage of the total aggregate GUC Trust Units held by the Participating Unitholders, of Akin Gump's fees and expenses (the "Akin Gump Fees") for services performed on behalf of the Participating Unitholders. Through May 31, 2020, the Participating Unitholders have been billed and paid approximately \$8,381,736.15 in the aggregate in Akin Gump Fees.<sup>2</sup> We write this letter on behalf of the Participating Unitholders as a follow up to our recent discussions and to reiterate the Participating Unitholders' request that the GUC Trust reimburse the Participating Unitholders

---

<sup>1</sup> On June 1, 2009, General Motors Corporation ("Old GM") and certain of its affiliates filed for protection under chapter 11 of the Bankruptcy Code and entered into an agreement to sell substantially all of its assets to NGMCO, Inc. (now known as "New GM") in exchange for, *inter alia*, New GM common stock and warrants. On March 29, 2011, the Bankruptcy Court entered an order confirming the Plan, which, among other things, authorized the creation of the GUC Trust pursuant to the terms set forth in the GUC Trust Agreement.

<sup>2</sup> Copies of the invoices with respect to such fees and expenses are enclosed for your reference. To the extent Bankruptcy Court approval is granted for authority for the GUC Trust to reimburse the Akin Gump Fees, Akin Gump shall send to the GUC Trust and counsel for the GUC Trust all future fee statements.

for any past and future Akin Gump Fees through the hearing on the GUC Trust's anticipated motion for authority to make a final distribution.<sup>3</sup>

The Participating Unitholders believe that this request is imminently reasonable in light of the significant efforts and contributions made by the Participating Unitholders and Akin Gump in connection with resolving the ongoing contingent late claims being asserted against the GUC Trust as a result of the New GM Recalls and the successes achieved as a result thereof for the benefits of all of the GUC Trust's beneficiaries. Since the New GM Recalls were announced, the Participating Unitholders have been active participants both in and out of Old GM's bankruptcy proceedings in their steadfast pursuit to maximize value for all holders of GUC Trust Units. As discussed further herein, and as you are personally aware, the Participating Unitholders, as represented by Akin Gump, have been instrumental in achieving successful outcomes with respect to numerous issues advantageous to all holders of GUC Trust Units. Such issues include, but are not limited to, the following:

- **Liquidation of GUC Trust Assets.** The Participating Unitholders and Akin Gump recognized that the GUC Trust could crystalize the GUC Trust tax liabilities by exercising New GM Warrants and liquidating the New GM Common Stock held by the GUC Trust and as a result, free up funds previously reserved for potential taxes. The GUC Trust's motion filed on June 3, 2015 seeking authority to effectuate the foregoing, was the direct result of the discussions prompted and led by the Participating Unitholders and Akin Gump. Moreover, on June 26, 2015, the Participating Unitholders filed with the Bankruptcy Court a joinder in support of the GUC Trust's request.<sup>4</sup> The GUC Trust's motion was approved by the Bankruptcy Court on July 2, 2015.
- **Threshold Issues and Equitable Mootness Litigation.** Akin Gump took the lead in connection with litigating the equitable mootness threshold issue. In connection therewith, Akin Gump was the primary drafter of the applicable pleadings filed on behalf of the Participating Unitholders and the GUC Trust in the Bankruptcy Court. In addition, Akin Gump handled the equitable mootness argument in February 2015. In the Bankruptcy Court's April 2015 decision ruling in the GUC Trust and Participating Unitholders' favor on equitable mootness, Judge Gerber complimented the equitable mootness briefing's and Akin Gump's oral argument stating that they clearly articulated issues and expressed doubt that anyone could have done it better. Judge Gerber made the following statements, among others, in the decision:
  - "Understandably concerned that the successor liability claims that the Economic Loss and Pre-Closing Accident Plaintiffs seek to saddle New GM with are still prepetition claims—and that the Court could reason that to the extent those claims have merit and New GM is not liable for them, somebody

---

<sup>3</sup> The Participating Unitholders expect that the GUC Trust will file a motion seeking Bankruptcy Court approval and authorization for such reimbursement.

<sup>4</sup> The Participating Unitholders regularly filed pleadings with the Bankruptcy Court jointly with the GUC Trust and/or in support of the GUC Trust's positions on various matters before the Bankruptcy Court.

# Akin Gump

STRAUSS HAUER & FELD LLP

is likely to be—the GUC Trust and its Participating Unitholders argue that tapping the recoveries of GUC Trust Unitholders would be barred by the doctrine of Equitable Mootness. Though the Court’s original instinct was to the contrary (and it once thought that at least partial relief might be available), the Court has been persuaded that they are right.”

- “But the briefing by the GUC Trust and so-called “Participating Unitholders” (a subset of the larger Unitholder constituency), and the oral argument by one of the Participating Unitholders’ counsel, very effectively articulated the objections that all, or substantially all, of the absent parties would share. The Court doubts that any of those adversely affected parties could make the mootness arguments any better. Those who did not file their own briefs, or make the same oral argument, were not prejudiced.”

*Decision on Motion to Enforce Sale Order, In re Motors Liquidation Co.*, 529 B.R. 510 [Docket No. 13109].

- **Settlement of Plaintiffs’ Purported Late Claims.** Akin Gump has been participating in negotiations since June 2017 with respect to potential settlement of the Plaintiffs’ purported late claims against the GUC Trust arising from the New GM Recalls. Although it would be years before the parties reached the global settlement recently approved by the Bankruptcy Court and the District Court, the various settlement iterations paved the way for the parties to reach consensus on resolution of Plaintiffs’ economic loss claims, absent which could have embroiled the GUC Trust in litigation for years and held up distributions to the GUC Trust’s beneficiaries—the Unitholders. The Participating Unitholders represented by Akin Gump played an integral role throughout each round of settlement discussions and formal mediation sessions.
- **Requests to Stay Distributions.** The Participating Unitholders and Akin Gump have actively supported the proposed distributions made by the GUC Trust to Unitholders since the New GM Recalls, including, but not limited to, in the face of opposition and requests that the Bankruptcy Court stay such distributions.

It is not, and could not be, disputed that the Participating Unitholders provided a substantial benefit to all other holders of GUC Trust Units. Indeed, such benefits can be accurately traced by, among other things, the Participating Unitholders’ meaningful involvement in every aspect of the years long Bankruptcy Court proceedings triggered by the New GM Recalls. Perhaps more importantly, the Participating Unitholders have actively engaged in every settlement negotiation with respect to Plaintiffs’ potential claims against the GUC Trust, including the mediation efforts, which ultimately paved the way for the recently approved global settlement and a \$300 million distribution to the Unitholders.

There is no dispute that the Settlement Agreement came to fruition in response to the contribution of Akin Gump in the negotiations. Akin Gump engaged in negotiations, motion practice, and in hearings at each critical juncture in this case on behalf of themselves to the benefit

# Akin Gump

STRAUSS HAUER & FELD LLP

of all holders of beneficial units of the GUC Trust. An equitable sharing of costs among all beneficiaries of the Settlement Agreement as it relates to the GUC Trust is warranted here. The GUC Trust should reimburse the Participating Unitholders for the Akin Gump Fees so that the cost of the years-long litigation and negotiations as it relates to distributions from GUC Trust are borne ratably by all Unitholders who benefitted from Akin Gump's participation in the proceedings.

Moreover, the Participating Unitholders believe that no party will oppose a request by the GUC Trust to reimburse the Participating Unitholders for the Akin Gump Fees. Akin Gump has advised various parties in interest of the Participating Unitholders' reimbursement request. No party has raised an issue.

Further, the GUC Trust has publicly disclosed the Participating Unitholders' request for reimbursement in its public securities filings and indicated that the GUC Trust has "included in its estimates of expected Wind-Down Costs for the nine months ended December 31, 2019 are \$10 million in expected reimbursements to certain holders of a majority of GUC Trust Units for legal fees in connection with monitoring the actions of the GUC Trust and participating in litigation related to the General Motors vehicle recalls." See Motors Liquidation Company GUC Trust Quarterly GUC Trust Reports as of December 31, 2019 [Docket No. 14671]. Upon information and belief, no party has questioned the GUC Trust's disclosure.

In light of the foregoing and the unquestionable and substantial contributions made by the Participating Unitholders and Akin Gump for the benefit of all holders of GUC Trust Units, the Participating Unitholders submit that reimbursement of past and future Akin Gump Fees is warranted and appropriate. As such, the Participating Unitholders formally request that the GUC Trust seek Bankruptcy Court authority to make such reimbursements.

Very truly yours,

 Daniel H. Golden
